²Hib vaccine is not recommended for children older than 59 months.

³When following the ACIP schedule, children will have at least 5 doses of DTaP and 4 doses of polio vaccine.

⁴A pupil 7 years or older who has not completed the DTaP requirement must receive additional doses of Tdap vaccine or Td vaccine to become current in accordance with the Advisory Committee on Immunization Practice (ACIP) recommendations per ARM 37.114.705.

⁵While it is not recommended, if a child younger than 13 years receives their second dose of varicella at an interval of 4 weeks or longer, the dose does **not** need to be repeated.

⁶As of October 1, 2015 pupils are required to have varicella vaccine and all pupils 7th-12th grade must have a Tdap vaccine.

Note: A four-day grace period may apply, as appropriate, per the ACIP recommendations.

Documentation of a valid medical or religious exemption or conditional enrollment may be submitted in lieu of receiving all required vaccines.
